

Elect The Attorney Buster
GENE FORTE
for
Governor

*"Busting Up The State Bar, Judges, Attorneys
& Politicians to Save Our State"*

www.ForteForGovernor.com

I am known to many across the nation as the Attorney Buster due to the investigative reports that I broadcast on radio exposing political corruption caused by the "judicial industry" that protects corrupt politicians, corrupt judges, and unethical attorneys. I group them together and call them "The Good Old Boys". (Listen to audio clips of my program free at our website.)

An unaccountable Judicial Industry protects unaccountable politicians. Correct that, and all of our problems ranging from our budget, to the lack of jobs, will begin to disappear and each of our lives will be better.

The Problem: "The Good Old Boys" a.k.a. Attorneys and Judges

Insurance companies gave money to the Fraud Assessment Commission who in turn gave the LA County DA's Office \$4.3 Million to fight Workers' Compensation fraud. Do you think the DA's Office is going to go after insurance companies (or their attorneys) when they commit fraud? They do not!

The Solution: Vote Gene Forte For Governor

1. Not A Politician, Attorney, or "Good Old Boy"
2. Proven Track Record of Exposing Corruption; Cannot Be Bought Off or Intimidated
3. Will Hold Judicial and Public Officials Accountable To The Citizens

Tell everyone you know that has had a problem with an attorney to vote for me. I will make the unaccountable attorneys wish they were in another state.
